### **Aim of the meeting:**

The purpose of the second conference on the JIM follow-up process is to promote an active exchange of views on the main issues singled out at the first JIM follow-up conference between representatives of European Commission, different Croatian NGOs, local government representatives and stakeholders involved in the implementation of the process.

The conference will mainly focus on progress made in implementation of the key challenges and commitments, which were agreed in the JIM. Further focus will be given to the development of verifiable and quantifiable indicators, as well as to the future monitoring, co-ordination and implementation of the JIM follow-up process.

To greatly contribute to the smooth implementation of the second JIM follow-up conference, the organisation of the conference will be supported by the TAIEX assistance as already proposed in the JIM document.
